

5TH INTERNATIONAL CONFERENCE
"VALLIS AUREA"
FOCUS ON:
RESEARCH & INNOVATION

PROCEEDINGS

22ND-24TH SEPTEMBER 2016

<http://va.vup.hr>

EDITOR: BRANKO KATALINIC
POZEGA – VIENNA, CROATIA - AUSTRIA
2016

EDITOR'S NOTE

This publication was reproduced by the photo process, using the papers supplied by their authors. The layout, the figures and tables of some papers did not conform exactly to the standard requirements. In some cases was the layout of the paperes rebuild. All mistakes in papers there could not been changed, nor could the English and Croatian be checked completely. The readers are therefore asked to excuse any deficiencies in this publication which may have arisen from the above causes. The editor of Proceedings is not responsible either for the statements made or for the opinion expressed in this publication.

MISSION, BACKGROUND & AIMS

European integration process has given rise to institutional, economic, political and cultural cooperation among countries as well as their integration in a single economic system. At the same time efforts are made to preserve national identity of the member countries as well as their regional diversity. Recognition of the diversity of regions, their distinct characteristics and comparative advantages in a unified Europe is of utmost importance for the membership of the Republic of Croatia in the European Union.

The tourism has been recognized as a strategic strongpoint in the Adriatic part of Croatia, whereas the Panonian region of Croatia does not have a clear vision of that. It is therefore vital to explore and determine the underlying guidelines for the development. Since they have always been connected with the practical side of life, the polytechnics are the institutions responsible for the future development. In the last ten years since the establishment of the Polytechnic in Pozega, the development has been focusing on education and the application of knowledge in practice, which has distinguished the Polytechnic as an initiator and an actual development factor.

International Conference “Vallis Aurea“ is international platform to achieve this objectives. It will serve as a permanent platform for an interdisciplinary approach to resolving issues related to regional development and innovation. It covers various areas ranging from theory to practical application and continued promotion based on inventiveness and regional particularities.

This conference is the first step in our interdisciplinary attempt to organize long-lasting international cooperation.

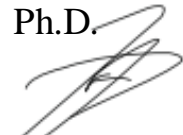

All the papers presented at the conference and published in the Proceedings meet the following criteria:

- a) The paper is reviewed by the editor for general acceptability for publishing.
- b) If it has been evaluated as appropriate two reviewers are chosen for double-blind review process.
- c) Based on their recommendations, the editor decides to accept, revise or reject the paper.

On behalf of the Organizers we would like to thank all the authors on their high-quality papers as well as all the reviewers on their considerate review.

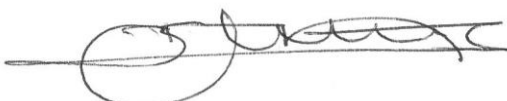

We are looking forward to see you at the next 6th International Conference „Vallis Aurea“ in 2018.

Dean of
Polytechnic in Pozega
Ph.D.

Dinko Zima

President of DAAAM International Vienna
Univ.Prof.Dipl.-Ing.Dr.techn.Dr.mult.h.c.

Branko Katalinic

HONORS COMMITTEE
